

César Passarinho - Campo e Flor

tom:

Intro: C G7 C

Quem me dera ter um rancho

Chinita flor dos trigais

Para viver nossas vidas

Não se apartar nunca mais

Quem me dera ter tropilhas

De gateados cor da aurora

Para mostrar minha estampa luzindo o aço da espora

Quem me dera ter tropilhas de gateados cor da aurora

Para mostrar minha estampa luzindo o aço da espora

Não tenho rancho nem quinha

Ao me abrigar nas pousadas

Tampouco tenho os cavalos

Am Em7

Pra formar minha manada

Mas garanto neste tranco

Na estrada do meu caminho

Não ando só nestas trilhas

Tão roseteadas de espinhos

Com ela vou ter um rancho

Não importa se barreado

Pois neste catre de sonhos

Te quero sempre ao meu lado

E quando então este rancho

Pra nós se fizer morada

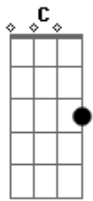

Não serás só companheira

Mas eterna namorada

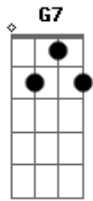

Não serás só companheira

Mas eterna namorada
