

Céu - Rotação

Tom: G

Você parado me olhando dançar

Fisgado, quando viu já foi

Pego por todos sinais

Letras garrafais

Farei

Dos meus defeitos o assunto

E dos ouvidos a boca

Eles que vão devorar as histórias que você contar

Quero dançar pra você

Quero girar e sentir

Tudo ao redor se mexer

Quero girar e cair

Sem sentir que isso é perder

Não quero ter que acertar

Olhar o sol nascer faz entender a rotação da terra

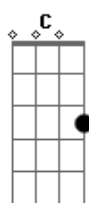

Eu rodarei mil vezes até você saber como é que a banda toca

Me toca

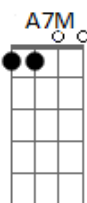

Me toca

Me toca
