

Chance Peña - Sleep Deprivation

tom:

Intro: D Dm D Dm G

[Primeira Parte]

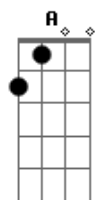

D Sleep deprivation got's me at my heels
This year taught me how it feels to be lost and ambitious
I've been on a mission
I won't stop 'till I'm done
I toss and turn almost every night
I'll pray to God I'm doing right by all my family's wishes
Lord knows I'm missing love that outshines the sun

[Refrão]

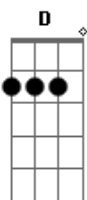

D So when I break down and list off the reasons
I'm here and I'm still breathing on
I'm hanging on
D Try to break ground and wait for tomorrow
I'll fight the weight through the sorrow
G One day at a time

[Interlúdio] D G

[Segunda Parte]

D I see the word outside my door
Constant reminder there's so much more than what I'm seeing
That thought is freeing, but shakes me to the core
D Settle down, settle down get back
It's bad when it hits me in my heart like that
G I know I'm exactly where I need to be
So I'm out for some clarity

[Refrão]

D So when I break down and list off the reasons
I'm here and I'm still breathing on
I'm hanging on
