

# Chance Peña - Up, Up & Away

tom:

Intro: F Am Dm  
F Am Dm

Want to go up, up and away

From this place that I call home

I've been waiting for the day since I was

Seventeen years old

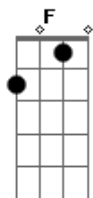

I just want to show them that I can

Make it on my own

I want to go up up and away

Up, up and away

( F Am Dm )  
( F Am Dm )

Ninety-seven more days until I'm living

Out in the worlds

If it true what they say then I'll turn my

Problems into prose

Cause I've heard the stories of people

Run back home

I still want to go up, up and away

Up, up and away
