

# Charli XCX - Caught In The Middle

Tom: F

(com acordes na forma de C )  
Capostrate na 5ª casa

Our hearts got caught in the middle Caught in the middle of love.  
Our hearts got caught in the middle Caught in the middle of love.  
Took the plane at five Flew across the world, I'm the other girl  
The one who's in your head  
Laid there by your side In the city nights, naked in the lights  
Hiding secrets in your bed  
Cause we try to turn around, but we can't stop it now.  
Our hearts got caught in the middle, caught in the middle of love.  
You're stuck on my mind Push restart, press rewind.  
Our hearts got caught in the middle, caught in the middle of love.  
Our hearts got caught in the middle, caught in the middle of love.  
Lost inside the line Stare across the room, almost fallin' through  
Never make the same mistake  
Harder every time Wish we could be true, always wantin' you  
We gotta stay a mystery

Oh, I'm caught in the middle, caught in the middle of  
Cause we try to turn around, but we can't stop it now.  
Our hearts got caught in the middle, caught in the middle of love.  
You're stuck on my mind Push restart, press rewind.  
Our hearts got caught in the middle, caught in the middle of love.  
Our hearts got caught in the middle, caught in the middle of love.  
Oh, I'm caught in the middle, caught in the middle of.  
Oh, I'm caught in the middle, caught in the middle of.  
Oh, I'm caught in the middle, caught in the middle of.  
Oh, I'm caught in the middle, caught in the middle of.  
Cause we try to turn around, but we can't stop it now.  
Our hearts got caught in the middle, caught in the middle of love.  
You're stuck on my mind Push restart, press rewind.  
Our hearts got caught in the middle, caught in the middle of love.  
Our hearts got caught in the middle, caught in the middle of love.  
Our hearts got caught in the middle, caught in the middle of love.
