

Charli XCX - Kingdom

Tom: A

(A D Bm E)

D Bm A D Bm E A
It's all black Your kingdom's turned me blank I'm paper
and
E A D Bm E A D Bm
I'm snow I'm lost but I can't slow I'm lost but not alone

A D Bm E A D Bm
It's so light, the dark it burns my eyes My bones, they
used to
E A D Bm E A D Bm
Glow But now I'm throwing stones I'm losing where to go

Bm D A
Shadows on my back are moving slow They twist behind like.
Bm D A
White leaves in the wind And as I ride, these horses will say.
Bm D A
Fly, Falling hard, falling high, through your arms.
Bm D A
Shadows in my head don't need no light They stay through the
night.

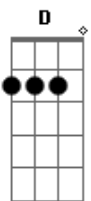

I'm locked up, your kingdom's like a drug The chains are
made of
Bm A D Bm E A D
Glass, I'm breaking through your blood I'm never strong
enough
Bm D A
Shadows on my back are moving slow They twist behind like.
Bm D A
White leaves in the wind And as I ride, these horses will say.
Bm D A
Fly, Falling hard, falling high, through your arms.
Bm D A
Shadows in my head don't need no light They stay through the
night.
Bm D A
To every rose with bloody thorn It lifts you up and lets you
fall
Bm D A E
To rivers flowing on the factory halls
Bm D
A E
Your kingdom's come, it's waiting still The space between
you'll never fill
Bm D A E
I tried but I could not change your mind

Bm E A D Bm E A D (A D Bm E)
Without you, my lips are turning blue The water pulls me
A D Bm E A D Bm
I dance around, and I lost you now
E Gbm D Gbm E Gbm
Down, And drowns under your sound This silence booms so loud
A D Bm E A D
I breathed you out, I kept you out
Bm A E A
But if I could, I'd turn back around
