

Charli XCX - White Roses

tom:

G
 Maybe my only light
 Don't you recognise
 You're the only one I want, uhh
 Cold like ice, petrified, uhh
 Loving what you're doing to me
 (Doin' to me)

G A
 White roses in the snow
 Never let me go
 Lying in your bed and movin' slow
 Taking off our clothes
 Giving you it all
 All I need is you and me alone
 Love is like a rose
 Baby, let it grow
 No one knows the secrets that you know
 Come on, pull me close
 Lay me in the snow
 I know you can feel it

G A Em D
 You'll be mine every night
 I'm trying to advertise
 You're the only one I want, uhh
 Hold me tight, yeah, Marlboro Light, uhh
 Loving what you're doing to me
