

Charlie Cunningham - Don't Go Far

tom:

Intro: A B A B

You're here, but won't be for long

Just 'til that certain song

It set you off

Heart's broken

They won't ever stop

I don't wanna know

I suppose where you are

Don't go far

They've told us so

Both know that's hard

Don't go, don't go far

(A B)

Just leave me alone

Mind of mine

You waste my tim

I'm not taking steps anymore, that silence

I don't need to know

I suppose where you are

But don't go far

We should try to let go

Even though it's hard

But don't go, don't go far

(A Ab A Ab)

Here, but won't be for long

Just 'til that certain song comes on

(A E Gbm B)

(A E Gbm B)

(A E Gbm B)

I don't wanna know

I suppose where you are

But don't go far

We should try to let go

Even though it's hard

But don't go, don't go far

I don't wanna know

I suppose where you are

But don't go far

We should try to let go

Even though it's hard

But don't go, don't go far
