Tom: C

Afinação: D G C F A D

Intro:

Verse

Well I get the thrill run down my spine

When I see you hitting me up

Feeling so electrified

With the heat of a million suns

You know just one touch can keep me high

And I think I'll never come down

'Til a couple days go by

And you're nowhere to be found

refrão

Up all night

Up all night

All the things that you said to me yesterday

Playing over in my mind

It's a crime

It's a crime

How you're reeling me in with the games you play

Then you hang me out to dry

Verse

So I try to shake you out my head

Try to dance with somebody new

But you got those lips so red

And that smoking voice, you do

So I know it's pointless anyway

Cause there ain't nobody else

That could light me up so bright

And break this crazy spell

refrão

Up all night

Up all night

All the things that you said to me yesterday

Playing over in my mind

It's a crime

It's a crime

How you're reeling me in with the games you play

Then you hang me out to dry

Bridge

If I, wait a little longer

Then maybe you'll come back around

Wait a little longer

Then maybe you'll be ready now

Cause I would wait forever

For you to fall back into my arms

So come on

refrão

Up all night

Up all night

All the things that you said to me yesterday

Playing over in my mind

It's a crime

It's a crime

How you're reeling me in with the games you play

Then you hang me out to dry

Up all night

Up all night

All the things that you said to me yesterday

Playing over in my mind

It's a crime

It's a crime

How you're reeling me in with the games you play

Then you hang me out to dry

How you're reeling me in with the games you play

Then you hang me out to dry
