

# Charlotte Cardin - Daddy

tom:

Intro: Dm C Gm Bb

Baby, if you keep stalling, I don't know

If I can love you

Like I want to

Baby, if you keep stalling, I don't know

If I can love you

Like I want to

We tangle

Tangled in the middle of a triangle

I can never, ever, ever let you go

I'm dancing with my sex symbol

He got me sentimental

I'm standing in the middle of the room

I'm tired of being careful

Just meet me in the middle

The weight is on your shoulders

I'm standing in the middle of you two

Maybe I can lay you over

I'll never win you over

Baby, if you keep stalling, I don't know

If I can love you

Like I want to (daddy)

Baby, if you keep stalling, I don't know

If I can love you

If I can love you

Like I want to (daddy)

We tangle

Tangled in the middle of a triangle

I can never, ever, ever let you go

I'm dancing with my sex symbol

Got a situation

You know I'd rather dance than assume

The many consequences

Of my every action

The weight is on your shoulders

I'm standing in the middle of you two

And I can't win you over (I can't win you over)

But I can lay you over (but I can lay you over)

Baby, if you keep stalling, I don't know

If I can love you

Like I want to (daddy)

Baby, if you keep stalling, I don't know

If I can love you

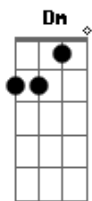

Like I want to

'Cause I ain't no fool, I ain't no fool

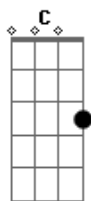

'Cause I ain't no fool, I ain't no fool

(Daddy)
