

Charlotte Cardin - Like It Doesn't Hurt (feat. Husser)

tom:

G

Am

You know I act

You know I act

F

Like it doesn't hurt, no

Dm

Like it doesn't hurt, no

You know the fact

You know the fact

F

You drag me in your dirt, oh

Dm

Like it doesn't hurt, no

[Chorus: Charlotte Cardin]

I've been around

Your body upside down

I've been around

Your body upside down

But I can't touch you

In any fuckin' way

[Verse 2: Charlotte Cardin]

I know you are

I know you are

So lovely it's absurd

Cause it doesn't hurt

I know you are

I know you are

Just like a wounded bird

Like it doesn't hurt

[Chorus: Charlotte Cardin]

I've been around

Your body upside down

I've been around

Your body upside down

But I can't touch you

N.C

In any fuckin' way

[Verse 3: Husser (Charlotte Cardin)]

It's heartless fuckin' Huss for a reason

It's peace goodbye block when I leave em'

(Like it doesn't hurt)

Then you might never hear a peep from a nigga

Show my gold teeth when I see you in the streets with a nigga

Sim simma, it's me got the girl dem suga

It's plenty of fish gettin' hook up

A whole leap a bitch gettin' shook up and left with the juke button

Whenever we fight it's never your fault

So whenever you talk I turn into a wall

And then you want the balls and I'm like nah

Ain't no time for that, I'm a boss got more control than that,

so go find u a nigga that would crawl for that

And wasting my time, I'll show you how I get down

And when you wanna step out

Of line I could step out

Of my main character and switch up the story now damn

Look at that all of a sudden it's pouring, it's gory...

[Chorus: Charlotte Cardin Husser]

I've been around

Your body upside down

I've been around

Your body upside down

But I can't touch you

I've been around (I've been around you)

Your body upside down (I can't touch, you can't touch, and I don't fuck with you)

I've been around (I've been around)

Your body upside down (Upside down, yeah)

But I can't touch you (You can't touch me, and I don't fuck with you)

In any fuckin' way
