

# Charlotte Lawrence - Bloodstream

tom:

You're in my bloodstream  
 Fucking me up  
 I don't need whiskey  
 I don't need drugs  
 [Primeira Parte]

You say I love you just to hear me say it back  
 You only touch me, just to keep me in your grasp  
 You only call when I refuse to call you back  
 I don't wanna try that hard  
 You make me try so hard  
 [Pré-Refrão]

No, I can hear your voice inside my head  
 Living in my veins and on my breath  
 Try to numb the pain, distract myself  
 But, instead  
 [Refrão]

You're in my bloodstream  
 Fucking me up  
 I don't need whiskey  
 I don't need drugs  
 You're in my bloodstream  
 But, it's not enough  
 Cause all that you give me  
 Is half of your love

You're in my blood, blood, blood  
 Blood

[Segunda Parte]

I hear your lies, but I can paint them as the truth  
 You think I'm easy, try to blame it on my youth  
 I could remind you how it was, but what's the use?  
 I made you try so hard  
 You had me from the start

[Pré-Refrão]

No, I can hear your voice inside my head  
 Living in my veins and on my breath  
 Try to numb the pain, distract myself  
 But, instead  
 [Refrão 2]

You're in my bloodstream  
 Fucking me up  
 I don't need whiskey  
 I don't need drugs  
 You're in my bloodstream  
 But, it's not enough  
 Cause all that you give me  
 Is half of your love  
 You're in my blood, blood  
 In my blood, blood  
 Oh, now, you're in my blood  
 No
