

Charlotte Lawrence - Bloodstream

tom:

G

You're in my bloodstream

Fucking me up

I don't need whiskey

I don't need drugs
[Primeira Parte]

You say I love you just to hear me say it back
You only touch me, just to keep me in your grasp

You only call when I refuse to call you back
I don't wanna try that hard

You make me try so hard
[Pré-Refrão]

No, I can hear your voice inside my head

Living in my veins and on my breath

Try to numb the pain, distract myself

But, instead

[Refrão]

You're in my bloodstream

Fucking me up

I don't need whiskey

I don't need drugs

You're in my bloodstream

But, it's not enough

Cause all that you give me

Is half of your love

F C Am

You're in my blood, blood, blood

Blood

[Segunda Parte]

I hear your lies, but I can paint them as the truth

You think I'm easy, try to blame it on my youth

I could remind you how it was, but what's the use?

I made you try so hard

You had me from the start

[Pré-Refrão]

No, I can hear your voice inside my head

Living in my veins and on my breath

Try to numb the pain, distract myself

But, instead

[Refrão 2]

You're in my bloodstream

Fucking me up

I don't need whiskey

I don't need drugs

You're in my bloodstream

But, it's not enough

Cause all that you give me

Is half of your love

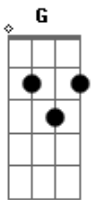

You're in my blood, blood

In my blood, blood

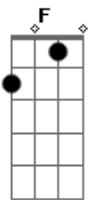

Oh, now, you're in my blood

No
