# Chase Eagleson - The Scientist

Tom: Gb
Intro: Dbm   A   E   B
      Dbm   A   E   B

```
 Dbm          A
Come up to meet you
                E
Tell you I'm sorry
You don't know how lovely you are
 Dbm          A
I had to find you
                E
Tell you I need you
Tell you I set you apart

 Dbm          A
Tell me your secrets
                E
And ask me your questions
Oh let's go back to the start
 Dbm      A            E
Running in circles, coming up tails
Heads on a science apart
 A            E
Nobody said it was easy
It's such a shame for us to part
 A            E
Nobody said it was easy
                              B
No one ever said it would be this hard
 A
Oh take me back to the start
```

```
( Dbm   A   E   B )
( Dbm   A   E   B )

 Dbm          A                   E
I was just guessing at numbers and figures
Pulling your puzzles apart
 Dbm         A                    E
Questions of science, science and progress
Do not speak as loud as my heart

 Dbm          A
Tell me you love me
                E
Come back and haunt me
Oh and I rush to the start
 Dbm         A            E
Running in circles, chasing our tails
Coming back as we are

 A            E
Nobody said it was easy
Oh it's such a shame for us to part
 A            E
Nobody said it was easy
                              B
No one ever said it would be so hard
 Gbm                  Dbm
I'm going back to the start

  A   E   B
Auuuuuuouou
 Dbm A  E  B
Auuuuuuouou
```
