[Primeira Parte]

Parte 1 de 2

Parte 2 de 2

Why is it hard to see
 The plain reality
 When your heart is focused on another
 Pray for the best but expect the worse
 This is what my friends tell me
 But when I'm with you, I don't care to
 Listen
 Could it be a big mistakes or
 Could it be my lovers' fate or
 Could it be a lesson I need to learn
 Loving you it feels alright but
 In the back on my mind it don't feel right
 Are you here to stay girl
 I need to know, know, know, know

[Refrão]

My brain is telling me to let go
 My heart is telling me oh no
 Here I am caught in the violence, the
 Violence woah
 Do I stay or do I go
 Should I run away or I don't know

Here I am stuck in the middle, the middle
 Woah

I was living in in in in an illusion
 Blinded by love, blinded by love

[Segunda Parte]

Parte 1 de 2

Parte 2 de 2

Baby you were my first kiss
 Something I will always miss
 When times are rough and the road is tough
 Tell me how it goes in couple of years
 Maybe by then I will be all ears
 But for now, I enjoy the silence

[Refrão]

My brain is telling me to let go
 My heart is telling me oh no
 Here I am caught in the violence, the
 Violence woah
 Do I stay or do I go
 Should I run away or I don't know
 Here I am stuck in the middle, the middle
 Woah
 I was living in in in in an illusion
 Blinded by love, blinded by love
 I was living in in in in an illusion
 Blinded by love, blinded by love
