

Chelou - You're So Good

Tom: G

Take off your cloths
 Dancing naked on the floor
 Tastes like a peach
 One I've never tried before
 How to take it
 How to fake it
 You're so good
 God save the trees
 More royal blood aint what we need
 To focus on the little things
 And everything else can fall in place

How to break it
 How to snake it
 You're so good
 Choke on your lies
 You're best suited to follow
 Why kiss and tell
 It's only guilt you're relieving
 How to take it
 How to fake it
 How to break it
 How to snake it
 You're so good
