You're struttin' into town like you're slingin' a gun

Just a small town dude with big city attitude  
**Eb Db Eb**  
Honey are you lookin' for some trouble tonight well alright

You think you're so bad drive the women folk wild  
shoot 'em all down with the flash of your pearly smile  
Honey but you met your match tonight oh that's right

**Fm Ab**  
You think you'll knock me off my feet 'til I'm flat on the floor  
**Bbm Db**  
'Til my heart is cryin' Indian and I'm beggin' for more

You're an outlaw lover and I'm after you hide  
Well you ain't so strong Won't be long 'til your hands are tied  
Tonight I'm gonna take you in dead or alive That's right

You break the laws of love in the name of desire  
Take ten steps back 'cause I'm ready baby aim and fire  
Baby there's nowhere you gonna run tonight ooh that's right

## Acordes

Well you had your way with love but it's the end of the day  
Now a team of wild horses couldn't drag your heart away  
So come on baby, come on baby  
Come on baby you know there ain't nothing left to say

If you can give it I can take it  
'Cos if this heart is gonna break it's gonna take a lot to break it  
'Cos I knowww tonight somebody's gonna win the fight  
So if you're so tough c'mon and prove it  
Your heart is down for the count and you know you're gonna lose it  
Tonight you're gonna go down in flames just like Jesse James
