

# Cher - Love And Understanding

Tom: C  
Intro: Am Em7 F Am Em7 F E7 C

C  
Here, here in this world - Where do we go  
Where do we turn - When we need some love  
It seems that love - Just can't be found  
C  
Where, where do we stand - When love's supply  
Don't meet love's demand - We got enough stars  
Em To light the sky at night - Enough sun  
Em  
To make the whole world bright  
F  
We got more than enough - But there's one thing  
There's just not enough of  
Am Em7  
Not enough love and understanding  
Am Em7  
We could use some love  
To ease these troubled times  
Am Em7  
Not enough love and understanding  
E7  
Why, oh why  
Spend all of our time

Building buildings up to the sky  
Reaching everywhere but where  
We need to reach the most  
Hearts never can win  
Oh, in this race  
F This race that we're in  
We've got enough cars  
To drive around the world  
Enough planes to take us anywhere  
We got more than enough  
Am But there's one thing  
There's just not enough of
