

Chet Faker - I'm Into You

```
Tom: F
                                                                                                                                                                                                                                                So I hope you're listening right now
                                                                    Gm
I gotta feeling we are gonna win
                                                                                                                                                                                                                                                Cause I can barely hold my tongue
Our bodies make it perfect
                                                                                                                                                                                                                                                The shit we do could warm the sun
                   Dm
And your eyes can make me swim
                                                                                                                                                                                                                                               Dm Gm Gm7
                                                                                                                                                                                                                                               At night
Then again everything seems knew
                                                                                                                                                                                                                                                Twisted in a melting fall and sleeping with the scratching
I can barely hold my tongue
                                                                                                                                                                                                                                                                                    Gm Gm7
                                                                                                                                                                                                                                                Dm
                                                                                                                                                                                                                                                And your words
To say the least i'm into you
                                                                                                                                                                                                                                                             Bb
                                                                                                                                                                                                                                                Let me know you're feeling me and seeing all the things I see
                              Gm Gm7
And your eyes
                                                                                                                                                                                                                                                                                                            Gm7
                                                                                                                                                                                                                                                          I'll take you down the other road
      Bb
                                                                            С
Are saying more than we can talk and warmer than the bedroom
                                                                                                                                                                                                                                                To breathe in something more

Dododododo Do-do
                                                                                                                                                                                                                                                Dododododo Do-do
                                                                                                             Gm7
When I press an ear up to your breast
Bb C
                                                                                                                                                                                                                                                The rhythm was all
                                                                                                                                                                                                                                                I needed to hear
I can hear the rhythm start % \left( 1\right) =\left( 1\right) \left( 1\right) +\left( 1\right) \left( 1\right) \left( 1\right) +\left( 1\right) \left( 1\right) \left( 1\right) \left( 1\right) +\left( 1\right) \left( 1\right) \left
It's hard to tell our beats apart
                                                                                                                                                                                                                                                A woman can treat my heart
                                                                                                                                                                                                                                                Dododododo Dododododo Do-do
