

Chevy - Morning Coffee

tom:

D

Oh, I woke up with a headache **D** **D7**

I think I might have slept late **G**

Last night **G7**

Put my face into my pillow **D** **D7**

Saying sorry, I will make notes **G**

I will fix my sleep schedule tonight **G7**

D

Oh, uh, oh, I might **D7**

Oh, uh, oh, I'll try **G**

But now I just need to wipe **G7**

The sleep out of my eyes

D

Oh, uh, oh, I know **D7**

Oh, uh, oh, I won't **G**

Make it out of my bed **G7** **A**

If I keep bidding my time

D

I just need some coffee in the morning **D7**

No sugar or tea **G**

'Cause I can feel my eyelids falling **G7**

They're trying to sleep **D**

But if I take a sip of caffeine **D7**

Then surely I'll be **G**

Awake until the evening **G7**

Until we go back to sleep

D **D7**

Now I'm waiting, water's boiling **G** **G7**

Half-asleep I'm swaying left and right **D** **D7**

But suddenly the rich aromas **G**

Drift up to my face and now I'm thinking **G7** **A**

Am I gonna stay awake today? **D**

I just need some coffee in the morning **D7**

No sugar or tea **G**

'Cause I can feel my eyelids falling **G7**

Trying to sleep **D**

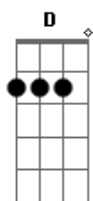

But if I take a sip of caffeine **D7**

Then surely I'll be **G**

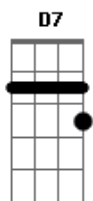

Awake until the evening **G7**

Until we go back to sleep
