Gm D Gm  
 Sonhei que eu era, uma balão dourado  
 E debruçado no manto estrelado do céu  
 Eu via o povo, cantando embalado  
 Como na ginga de um carrossel  
 Num sonho eu via a sanfona e zabumba  
 Batendo tão forte parecendo um coração  
 No ting-ling do triângulo a poeira

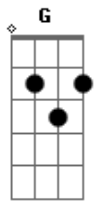

Sai do chão mais um licor pra embebedar o coração

Cm D7 Gm  
 Pois nesse passo ao som do arrasta-pé  
 Eb7 D7 Gm  
 Até amanhecer seja lá o que Deus quiser
