

Chiclete Com Banana - Me leve com você

Tom: G

e E

SOLO:

Em

Quando a luz do sol

Clareia minha pele colorida

Eu posso até mudar de cor

Só pra fazer amor, linda menina

À noite a luz da lua

Prateia minha pele, olho as estrelas no céu

Anunciando a deusa nua

Na luz brilhante de um carrossel

O meu desejo é te amar

Viver essa louca paixão

Venha logo me abraçar

Venha ser meu sonho de verão

E quando a lua brilhar

Quero te encontrar, OH! Minha princesa

Pra poder te dizer... Fazer de você

A minha estrela

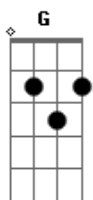

Me leve com você, me dê esse prazer

Acenda essa paixão

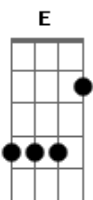

Me pegue com jeitinho, me ame com carinho

Que eu sou camaleão... Princesa
