

Chico Lobo - Cantiga de Acalentar o Menino

Tom: D

A ovelha traz a lã
 Com o orvalho da manhã
 Para alegrar o menino
 Uma cabra toca o sino
 E a cantora sabiá
 Se esgoela de cantar
 A aranha costureira
 Tece uma roupa ligeira

A galinha põe um ovo
 Que lhe serve pro almoço
 E a vaca o quê que quer?
 Traz o leite com café
 Se o menino não se cala
 Nem se a borboleta embala
 A Mãe sabe consolar
 Dando o peito pra mamar
