

Childish Gambino - Feels Like Summer

Tom: D

m

You can feel it in the streets
On a day like this, the heat

It feel like summer

I feel like summer

I feel like summer

You can feel it in the streets
On a day like this, the heat

I feel like summer

She feel like summer

This feel like summer

I feel like summer

Seven billion souls that move around the sun

Rolling faster, faster and not a chance to slow down

Slow down

Men who made machines that want what they decide

They're just tryna tell the children please slow down

Slow down

I know

Oh, I know you know that pain

I'm hopin' that this world will change

But it just seems the same

(It is not the same)

You can feel it in the streets

On a day like this, the heat

I feel like summer (I feel like summer)

I feel like summer (I feel like summer)

I feel like summer

Every day gets hotter than the one before

Running out of water, it's about to go down

Go down

Air that kill the bees that we depend upon

Birds were made for singing

Waking up to no sound

No sound

I know

Oh, I know you know my pain

I'm hopin' that this world will change

But it just seems the same

I know

Oh, I hope we change

I really thought this world would change

But it seems like the same

I know

Oh, I know you know my pain

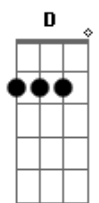

I'm hopin' that this world will change

But it just seems the same

I know

Oh, I hope we change
