

Chris Brown - Crawl

Tom: Eb

(com acordes na forma de Capotraste na 3ª casa

G Dm7
 Everybody sees it's you,
F C
 I'm the one that lost the view,
G Dm7
 Everybody says we're through,
F C
 I hope you haven't said it too.

So where do we go from here
 With all this fear in our eyes
 And where can love take us now
 We've been so far down
 We can still touch the sky

If we crawl
 'Til we can walk again
 Then we'll run
 Until we're strong enough to jump
 Then we'll fly
 Until there is no wind
 So lets crawl, crawl, crawl
 Back to love (Yeah)
 Back to love (Yeah)

Why did I change the pace
 Hearts were never meant to race
 Always felt the need for space
 And now I can't reach your face

So where are you standing now

C)

Are you in the crowd of my foes
 Love can't you see my hand
 I need one more chance
 We can still have it all

So we'll crawl
 'Til we can walk again
 Then we'll run
 Until we're strong enough to jump
 Then we'll fly
 Until there is no wind
 So lets crawl, crawl, crawl
 Back to love (Yeah)
 Back to love (Yeah)

Everybody sees its you
 Well I never wanna lose that view

So we'll crawl
 'Til we can walk again
 Then we'll run
 Until we're strong enough to jump
 Then we'll fly
 Until there is no wind
 So lets crawl, crawl, crawl

So we'll crawl
 'Til we can walk again
 Then we'll run
 Until we're strong enough to jump
 Then we'll fly
 Until there is no wind
 So lets crawl, crawl, crawl
 Back to love
