Chris Brown - Crawl

(com acordes na forma de Capostraste na 3ª casa G Dm7 Everybody sees it's you,

I'm the one that lost the view,
G Dm7
Everybody says we're through,
F

I hope you haven't said it too.

So where do we go from here With all this fear in our eyes And where can love take us now We've been so far down We can still touch the sky

If we crawl
'Til we can walk again
Then we'll run
Until we're strong enough to jump
Then we'll fly
Until there is no wind
So lets crawl, crawl, crawl
Back to love (Yeah)
Back to love (Yeah)

Why did I change the pace Hearts were never meant to race Always felt the need for space And now I can't reach your face

So where are you standing now

Are you in the crowd of my foes Love can't you see my hand I need one more chance We can still have it all

So we'll crawl
'Til we can walk again
Then we'll run
Until we're strong enough to jump
Then we'll fly
Until there is no wind
So lets crawl, crawl, crawl
Back to love (Yeah)
Back to love (Yeah)

Everybody sees its you Well I never wanna lose that view

So we'll crawl
'Til we can walk again
Then we'll run
Until we're strong enough to jump
Then we'll fly
Until there is no wind
So lets crawl, crawl, crawl

So we'll crawl
'Til we can walk again
Then we'll run
Until we're strong enough to jump
Then we'll fly
Until there is no wind
So lets crawl, crawl, crawl
Back to love
