

Chris Brown - New Flame

Tom: **Db**

Db
There can be one only you
Bbm **Ab**
And baby, God could never make two
Db
And I know you came here with your crew
Bbm **Ab**
But I promise you that it feels like it's just us two

Db
Oh, I don't know what you had planned to do tonight
Bbm **Ab**
But I just wanna be the one to do you right
Db
We're standing here looking at each other

Baby, eye to eye
Bbm
And I'm hoping

Ab
That you're thinking about leaving with me tonight

Who said
Db
You can't find love in a club?

'Cause I wanna tell them they wrong
Bbm
Come on, just baby, try a new thing
Ab
And let's spark a new flame
Db
You gon' be my baby

Love me, love you crazy

Tell me if you're with it

Baby, come and get it
Bbm
Baby try a new thing
Ab
And let's spark a new flame
