

# Chris Cornell - Wide Awake Acoustic

Tom: F

If you hear the acoustic version you will hear this descending riff he plays. While playing the Dm it sounds like he grabs the low F and open Low E string at the end of each bar. He does this between verses as well. There are a few different ways to get a good sound for this.

Verse:

Dm F  
 Dm  
 You can a look a hurricane right in the eye  
 Dm F Dm  
 1200 people dead or left to die  
 Dm Bb  
 Dm

 Dm Bb  
 Dm A
