

Daughtry - Traffic Light

tom:

Intro: **Ab**

The traffic light
 Waits for you to tell me the tale of a shattered life, tonight
 And I just passed by when you have had the chance to fight
 Or would you spend your last days alone
 Thinking nobody would have cared

Db
 Or known just look me in the eye and see that it's a light

Ab **Eb**
 So you're telling me, this is how you're going down

Fm
 You thought that I never really wanted you around

Db
 Well, you are way off track to think like that

Eb **Db** **Fm**
 'Cause now you have taken back everything that you ever said

Eb
 About how I'd never want to see you again

Db
 Well, this is what I, what I left behind

Ab **Eb**
 What I left behind, what I left behind

Need a change
 In a minute of my time, did I get your name?
 Well, you say, that I haven't been asked that in years
 Now I think, the traffic light that stood in the way

Db
 So that I can hear what you had to say
 I'm halfway through your story

Ab

Can't help thinking that you're just like me

Eb
 This is how I'm going down

Fm
