Chris Isaak - Please

Tom: Gb
Intro: (Db A Gb)

(Db A Gb)
I keep listening, very quietly.
You're discussing, your philosophy.
There's a long list, of what's wrong with me.
And you go on talking endlessly.... now

(Db A Gb)
What's the problem?
What's the question?
What's the answer?
Where's this heading?

(Db A Gb)
You keep talking.
Where's it going?
If there's an answer I don't know it...

|R   (Db A Gb)
|E Please
|F You're killing me.
|R Please
|Ã You're killing me with all these questions.

|O

(Db A Gb)
I've been trying to get along with you.
Doesn't matter what I try to do.
Once you start in
there's no stopping you... now

(Db A Gb)
What's the problem?
What's the question?
What's the answer?
Where's this heading?

(Db A Gb)
You keep talking.
Where's it going?
If there's an answer I don't know it...

REFRÃO

(Db A Gb)
You're explaining, very patiently.
I'm a problem, what to do with me.
