

Chris Stapleton - Friendship

```
Said, "what's wrong my longtime friend?"
Something's bothering you
      G Am G
Tell me what the problem is
I'll see what I can do
There are times we disagree
We agree more than we don't
We won't always see eye to eye
But we will more than we won't
[Refrão]
We got friendship
The kind that lasts a lifetime
              F C Dm
Through all the hardship, you know, you're a friend of mine
We got friendship
The kind that lasts a lifetime
Through all the hardship, you know, you're a friend of mine
[Segunda Parte]
If you're on the street, I'll take your hand
If you're hungry, I'll give you food
C G Am G
If it's money you need, I got some saved
If you're sick, I'll visit you
I've been where you are right now
You saw me through it all
I'll lean on you, you can lean on me
I'm never gonna let you fall
[Refrão]
