

Christian Gates - Numb

tom: Db Db Right now I'm laying in bed with nobody to love And my ex probably out having fun hooking up With the person that she told me not to worry about Fh But it's alright 'cause we're both numb Right now Still feelin' lonely as fuck I don't even have the energy to try to get up Should've never had a girl I got to worry about Eb But it's just life and there's no love Girl you know it doesn't bother me Ab That I'm not with you But I hope that I'm on your mind Baby tell me that you thought of me Cause I thought of you, with a girl that I met last night Ab I don't wanna live in this fake shit Don't want fake love and relations We don't gotta make love through relationships But we still fuck and we hate this shit Ah We still numb but we fakin' it Bet you're laid up on your new mans chest Fm You can't feel shit 'cause you're too depressed But it is what it is I guess Db Right now I'm laying in bed with nobody to love And my ex probably out having fun hooking up Fm Acordes DЬ AЬ Еb

With the person that she told me not to worry about Eb But it's alright 'cause we're both numb Right now Still feelin' lonely as fuck I don't even have the energy to try to get up Should've never had a girl I got to worry about Eb But it's just life and there's no love And there's no time Why should I waste my life on you? When you think he's more your type You must be out your mind I tried to smoke and losin' track of the night But this time I just can't control it Daylight come before I'm closing my eyes Eb Can't sleep when I feel so broken Ab I like to pretend that it's, not what it seems But every time I wake up, I see her in my dreams Right now I'm laying in bed with nobody to love And my ex probably out having fun hooking up With the person that she told me not to worry about But it's alright 'cause we're both numb Right now Still feelin' lonely as fuck I don't even have the energy to try to get up Should've never had a girl I got to worry about

But it's just life and there's no love
