

Christina Aguilera - Best Of Me

Tom: A

Think I'm steel, tough as nails

Never feel, never fail

But you're wrong, so damn wrong

Feel the weight of your hate

I still bleed my heart aches

As you take and you take

[PRE-REFRÃO]:

Words cut through my skin

Tears roll down my chin

My walls crumble within

But I'll take it all on

And get up when I fall

Till the last curtain call

[REFRÃO]:

But you'll never get the best of me

No more

Said you'll never get the best of me

No more

Aren't you tired of throwing stones

Trying to kick me when I'm down

But you'll never get the best of me no more

Say I'm cold made of ice

Heart of stone born to fight

But I cry, I still cry

Are you happy to know

I'm unhappy alone

Take your shot I'm wide open

[PRÉ-REFRÃO]

[REFRÃO] (2x)

Heartbroken and beaten

Knocked down and mistreated

I will rise undefeated

I will not let you bring me down

Now the pain is deleted

And I will never repeat it

I will rise and defeat it

I will not let you bring me down

No I won't let you bring me down

Knocked down and mistreated

Heartbroken and bleeding

Still I rise undefeated

Cause you'll never

[REFRÃO]

Heartbroken and beaten

Knocked down and mistreated

I will rise undefeated

I will not let you bring me down

Now the pain is deleted

And I will never repeat it

I will rise and defeat it

I will not let you bring me down
