

# Christina Grimmie - Snow White

Tom: Ab

(com acordes na forma de G)

Capostrate na 1ª casa

Some day, my prince will come for me  
 Save me from this harm that haunts me  
 When will I be free? Tell me  
 Some day, he will come for me

God, I feel like, I'm like, I'm locked tight  
 Tied up like a beast with a bad bite  
 Yeah I knew you were wrong but you felt right  
 Good thing I didn't lay it down tonight

'Cause I wanted to apologize, but boy you fed me lies  
 Now, I'm thinking that I rolled the dice  
 Now its too late to gain your trust  
 Control your lust  
 No, baby that's dangerous

What does it take to find me the man  
 Who won't go and break my heart  
 There's only one and he's got the key  
 But we are two worlds apart

Some day, my prince will come for me  
 Save me from this harm that haunts me  
 When will I be free? Tell me  
 Some day, he will come for me

Em G

Shoulda told you to run along, shoulda backed down  
 When I saw you coming on strong but time is gone  
 Attempt to rewind your past  
 But you'll find that can't be done  
 But I fell for those eyes, they took me by surprise  
 I shoulda never ever compromised, but its too late  
 You broke in, no warning  
 And now all I got is my heartbeat

What does it take to find me the man  
 Who won't go and break my heart?  
 There's only one and he's got the key  
 But we are two worlds apart

Some day, my prince will come for me  
 Save me from this harm that haunts me  
 When will I be free? Tell me  
 Some day, he will come for me

What does it take to find me the man  
 Who won't go and break my heart? (Who won't go and break my heart?)  
 There's only one and he's got the key  
 But we are two worlds apart (Apart, yeah)

Some day, my prince will come for me (For me, yeah)  
 Save me from this harm that haunts me (Ohhhhh)  
 When will I be free? Tell me (Oh)  
 Some day, he will come for me (Oh whoa)

## Acordes
