

# Christina Grimmie - The Game

Tom: A

Mmm

I called and I wait and a wait went around  
 And cry with the sound of my heart  
 Beating for someone that just doesn't pay attention anyway  
 And I smile when it hurts  
 To take a breath that day  
 When you held me and touched my face  
 Said you wanted to sleep by my side  
 So I pray  
 You're just a busy bee  
 And can't get to the phone right now  
 Cause your playing your game  
 And I hate the sound that it makes  
 When your heart is sick and tired of palpitating to his stupid play  
 And just because of you  
 I laugh and cry at the same time  
 It's never any other way

I laugh and cry at the same time

Just because of you  
 I laugh and cry at the same time

His game  
 He was a pro  
 He knew all the rules  
 Had me wrap tightly around his dirty finger

What I don't understand is that I'll fall for a man  
 Who really ain't a man at all  
 If you know what I'm talking about then  
 I'm not even gonna complain  
 Cause I'm sick and tired of palpitating to his stupid play  
 And just because of you  
 I laugh and cry at the same time  
 It's never any other way

I laugh and cry at the same time

Just because of you  
 I laugh and cry at the same time  
 It's never any other way  
 Oh

I throw my hands up in the air cause I care  
 I throw my hands up in the air cause it's not fair, oh  
 You don't care  
 It's not fair

I laugh and cry at the same time

And just because of you  
 I laugh and cry at the same time  
 It's never any other way

I laugh and cry at the same time

And just because of you  
 I laugh and cry at the same time  
 It's never any other way
