

Christopher Cross - Open Up My Window

Tom: **Db**

(forma dos acordes no tom de **Bb**)
Capostrate na 3ª casa

Every night
I open up my window
Open up my window
And let your love come in
Every night that I'm away from you
This old bed seems way too big
And my dreams so small
Goin' through the motions
As I stare out from my room
I begin to realize
That we're sharin' the same moon
Lying here hugging my pillow in the dark
Dreaming of your comfort

Fightin' the lonely in my heart
And I thought I felt you touch me
In that old familiar way
When the wind came through the curtains
And I heard it call your name
Oh the time goes draggin' by
Send my love across the sky
Maybe it's all that I can do
Baby until I'll be with you
[Solo]
I missed you girl more than you'll ever know
And I kept a little vigil by my window
It's funny but it's true
Darlin' I did the same for you
Now no matter where we are
We can wish upon that star
