Tom: G  
Intro: Em Bm C D

Em  
there must be another way  
Bm  
when she's gone to a better place  
C D  
and loneliness will hurt you if you can't get through the night

Em  
then the moment starts to fade  
Bm  
and dawn is just an hour away  
C D  
i feel she's watching over and it gets me through the night

Em  
it makes me wonder what you'd say

C  
it's taking me back to the month of may  
D  
when i watched you do it (all night)  
Em C  
i'm thinking back to what we'd shared  
D  
in many ways i'm already there  
Em  
and i watched you do it

C  
don't turn the lights on  
D Em  
cause tonight i want to see you in the dark  
C  
don't turn the lights on  
D Em  
cause tonight i want to see you in the dark
