

Chvrches - Graffiti

Tom: **E**

I'm writing to ask you; did you achieve all you wanted to do?

A

Before we were dragged up, something was different and nothing was new

E

How did you see me? We didn't know what we wanted to be

A

When did we move on? I didn't feel it, nobody told me

[Pré-Refrão]

Dbm

Time to kill

B

Was always an illusion

A

Time stood still

And now we never will, never will

[Refrão]

E
We wrote our names along the bathroom walls

A
Graffitiing our hearts across the stalls

Dbm **B** **A**
I've been waiting for my whole life to grow old

E
And now we never will, never will

A
And now we never will, never will

E
And now we never will, never will

E
Standing in streetlights, we didn't know wrong, didn't know right

A
Making a mess and running in circles, getting in fights

E
We were just kids then, we didn't know how and didn't know when

A
Taking our chances, calling it off and starting again
