

Cidade Verde Sounds System - Go Home

Tom: Gb

I got to be honest with you
 It wasn't to be this way
 And everything we've been through now
 Jah knows that I prayed
 And now I really know a special love is hard to find
 And everything in you is just a little divine
 And now I know... my life was cool by your side
 And you are everything I searched all of this time

I don't wanna go home... without you baby
 I don't wanna go home... without you
 I don't wanna go home... without you baby
 I don't wanna go home... without you

Eu tenho que te dizer
 Que eu penso muito em você
 E não foi bem assim que eu quis não
 E Jah sabe que eu tentei
 E agora eu to longe e era bom demais
 Eu canto pra fugir do que a distancia me trás
 E agora eu sei da falta que você me faz
 E o que é menor que isso, vê se deixa pra trás
 I don't wanna go home... without you baby
 I don't wanna go home... without you
 I don't wanna go home... without you baby
 I don't wanna go home... without you
