

# Cigarettes After Sex - Pistol

tom:

G

Give me the pistol

Aim it high

I'm out in the desert

Shooting at the sky

Em C

Guess I really miss you

D G

And I don't know what else to do

G

Beautiful pictures

That you took of us

Used to hang up there

On your bedroom walls

Em C

But you took 'em all down now

D G

And you put 'em into a drawer

D

You've been on my mind

Em

You've been on my mind

C D

You've been on my mind so long

G

I can't deal with it

D

You've been on my mind

Em

And I'll waste my time

C D

Till you lift me off the floor

G

And love me again

G

I know if I saw you

And we kissed just once

You could be happy

Maybe you'd come back

Em C

'Cause I really miss you

D G

Don't know how much more I can take

D

You've been on my mind

Em

You've? been on my mind

C D

You've been on my mind so long

G

I can't deal with it

D

You've been on my mind

Em

And I'll wast? my time

C D

Till you lift me off the floor

G

And love me again

Em

Oh, year

C D

Till you lift me off the floor

G

And love me again

Em

Oh, year

[Final] C D G
