

Cimorelli - Easy To Forget Me

Tom: Gb

(com acordes na forma de Capotraste na 4ª casa D)
Intro: D G A Bm D G A Bm

i won't call you cause i know
you won't pick up
still don't know what happened
and it's been months
when i called you up at 1 in the morning
the time you told me you could trust me more than anyone
'cause i still remember everything
we're in the same town
but you're nowhere to be found
so tell me now
do you ever miss me?
how could you just walk away
is it that easy to forget me?
'cause all i know
is that we were so close
and know it's like i don't know you anymore
and i just gotta know
is it that easy to forget me?
is it that easy to forget me?
forget me
i never thought that we'd
end up like this
'cause you were the one that i could always count on
and now there's nothing left
no evidence
that i was ever in your mind
but i'm still the same
so why did you change?
we're in the same town
but you're nowhere to be found

so tell me now
do you ever miss me?
how could you just walk away
is it that easy to forget me?
'cause all i know
is that we were so close
and know it's like i don't know you anymore
and i just gotta know
is it that easy to forget me?
how did we end up strangers?
what would i say if i ever saw you again?
and i don't wanna care so much
so why do i keep holding on?
keep holding on
i put the phone down
i'm done waiting to be found
so tell me now
do you ever miss me?
how could you just walk away
is it that easy to forget me?
'cause all i know
is that we were so close
and know it's like i don't know you anymore
and i just gotta know
is it that easy to forget me?
Easy
forget me
(Is it that easy to forget me?)
Easy
forget me
(i keep holding on)
Easy
forget me
