

# Cimorelli - Headlights

Tom: F

**Bb**  
Flannels and ripped jeans  
**F**  
And friday nights  
**Dm**  
Now all I see  
**C**  
Is fields and fences  
**Bb**  
Remembering  
**F**  
Flickering lights  
**Dm**  
On a sunday  
**C**  
Just wanting to feel something  
**Bb**  
These memories won't let me be  
**F**  
So I just play them back  
**Dm**  
I see summer rain  
**C**  
And that Autumn change

It all came so fast  
**Bb**  
Smell of wood burning  
**F**  
Sparks jumpin' around  
**Dm**  
I thought by now  
**C**  
I'd have it all figured out  
**Dm**  
With our hoods up  
**Bb**  
And our hearts out  
**F**  
I was fearless  
**C**  
Before I got let down  
**Dm**  
I wonder if I could  
**Bb** **F**  
Get back to that place now

**Bb**  
I got two headlights  
**F**  
And a thousand miles to go  
**Dm**  
Two hundred feet of light  
**C**  
On this dark and windy road  
**Bb**  
Midnight stars haunt my sky  
**F**  
Burning scars fill my mind  
**Dm** **C**  
I'm waiting on a wish to come true  
**Gm**  
Maybe I can find my way  
**F** **Bb**  
Back to where I belong

**Bb** **F** **C**  
Just following my headlights  
**Bb** **F** **C**  
Headlights  
**Bb**  
Maybe I don't have to see  
**F**  
Where I'm going  
**Dm** **C**  
Just follow my headlights  
**Bb**

I'm searching back roads  
**F**  
For wishes and dreams  
**Dm**  
Long gone  
**C**  
Ripped at the seams  
**Bb**  
Whispered a quiet prayer  
**F**  
In this heart of mine  
**Dm**  
Filled with questions  
**C**  
As big as the Tennessee sky

**Bb**  
And like ghosts these memories  
**F**  
Just follow me around  
**Dm**  
Looking back I never thought that  
**C**  
I'd leave that town  
**Bb**  
Airplanes and shooting stars  
**F**  
Where my company all along  
**Dm**  
The moon stayed at the same  
**C**  
But those days are long gone

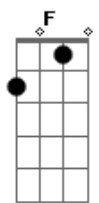

**Dm**  
With our hoods up  
**F** **C**  
And our hearts out  
**Dm**  
I was fearless  
**F** **C**  
Before I got let down  
**Gm**  
I wonder if I could  
**F** **C** **Gm** **F** **C**  
Get back to that place now

**Bb**  
I got two headlights  
**F**  
And a thousand miles to go  
**Dm**  
Two hundred feet of light  
**C**  
On this dark and windy road  
**Bb**  
Midnight stars haunt my sky  
**F**  
Burning scars fill my mind  
**Dm** **C**  
I'm waiting on a wish to come true  
**Gm**  
Maybe I can find my way  
**F** **Bb**  
Back to where I belong

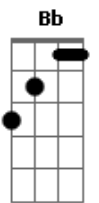

**Gm**  
Maybe I will be alright  
**F** **Bb**  
Maybe I don't have to know

**Bb** **F** **C**  
Just following my headlights  
**Bb** **F** **C**  
Headlights  
**Bb**  
Maybe I don't have to see  
**F**  
Where I'm going  
**Dm** **C**  
Just follow my headlights
