

## **Cinderella - Heartbreak Station**

```
Tom: G
Waiting at the station
             D
Tears filling up my eyes
Sometimes the pain you hide
            D
Burns like a fire inside
Look out my window
Sometimes it's hard to see
The things you want in life
\mathsf{G} \qquad \qquad \mathsf{D} \qquad \mathsf{D} \ \mathsf{D}
Come and go so easily
She took the last train out of my heart ooo, ooo
             Am
She took the last train
And now I think I'll make a brand new start
Em C
She took the last train out of my heart
Watching the days go by
Thinking 'bout the plans we made C D
The days turn into years
Funny how they fade away
Sometimes I think of those days
```

```
Sometimes I just hide away
Waiting on that 9:20 train
Waiting on a memory
            Am
She took the last train out of my heart ooo, ooo
She took the last train
And now I think I'll make a brand new start

Em C D
She took the last train out of my heart
My lady's on the fly and she's never coming back
My love is like a steam train rolling down the tracks yea, yea
(Am C G D)
                    C
She took the last train out of my heart ooo, ooo
She took the last train
And now I think I'll make a brand new start
       Em C D D D
She took the last train out of my heart
She took the last train
She took the last train ooo, out of my heart
She took the last train, She took the last train
                   D
And now I think I'll make a new start
Last train out of my heart
```
