

# Citizen Cope - Back Together

Tom: **G**

Tabbed by: Travis Blankenship  
Email:

Tuning: Standard

The same chord progression remains throughout the entire song

but if you want, you could start playing the full chords as the song progresses:

for fun, the "hoo hoo oo oo" thing:

and just another side note, the acoustic guitar cuts out during the chorus, and a violin comes in playing **A G G Gb** along in time with the chords, so if you play the same chord progression during the chorus it sounds perfectly fine.
