Your love is steadfast and ceases to end
 A comfort in trials and constant defense
 It is sure

Morning by morning, your mercies are new
 Filling my soul with the pleasures of truth
 I am safe - Yes, I am safe

Late in the night I am met with relief
 From worry and doubt that I cling to for peace
 It is well with my soul, My?. (Refrão)

Refrão

God, refuge and strength, you are my joy and my hiding place
 God of all renown, you are my joy and my hiding place

You are my joy and my hiding place

Verso 4

When I am pressed by the pain of regret
 You conquer the lies that would say I'm condemned

Yes I know, - I am free,

Lord You are faithful to all those who wait
 Through stillness and chaos, your peace is a friend
 O my soul, rest in him, My?. (Refrão)

Refrão 2

God, refuge and strength, you are my joy and my hiding place
 God of all renown, you are my joy and my hiding place
 You are my joy and my hiding place
 You are my joy and my hiding place
 You are my joy and my hiding place
