

City And Colour - Hope For Now

tom:
 Am
 This hallway's dark and empty
 Am
 Just miles and miles of endless road
 Am
 I've got a sickness pounding in my head
 F D
 I'm at the mercy of the ghosts
 Am
 But what it would take to live
 F D
 As if I would not another day
 Am
 To live without despair
 F D
 And to be without another disdain
 [Refrão]
 F G
 How can I instill such hope
 Am D
 But be left with none of my own?
 F
 What if I could sing
 G
 Just one song
 Am D
 And it might save somebody's life
 Am
 I sought after
 F D
 After reasons to stay
 Am
 I was lost
 F D
 I was lost
 Am
 Then the sky turned black
 F D

And the rains poured down
 Am
 I was waiting
 F D
 Waiting to be found
 Oh, no
 [Refrão]
 F G
 How can I instill such hope
 Am D
 But be left with none of my own?
 F
 What if I could sing
 G
 Just one song
 Am D
 And it might save somebody's life
 Am
 Then I would sing
 D
 All that I can sing
 F
 Because that is when
 G D
 When I feel that I'm not counting time
 Am
 Oh, and I sing
 D
 All that I can sing
 F
 Maybe just for the moment
 G D
 Things would seem all right
 F G
 Oh, and I sing
 Am D
 Oh, and I sing
 F G
 Oh, and I sing
 Am D
 Oh, and I sing
