Am7
Northwest is where I'm headed,
                   C   G
Underneath the golden sky
     Am7
I'm searching for a wisdom
              C   G
That every man seeks to find
        Am7
I've got wicked thoughts a brewin'
             C   G
Many evil deeds I've done
      Am7
I'm looking for a reason
               C   G
For a reason not to run

     Em
I've always been dark
     D   Em7
With light somewhere in the distance   2x
     Am7
I've got no destination
               C   G

No place to call my own
             Am7
I'll explore the constellations
                              C   G
Till I find the course I mean to hone
         Am7
But come fever or come famine
                 C   G
Come the biting winter cold
              Am7
Just put two coins upon my eyelids
                     C   G
So I can pay the poor man's toll

     Em
I've always been dark
     D   Em7
With light somewhere in the distance   2x
        Em
I've been so unforgiving
D   Em7
Stranded in old traditions
        Em
I've always been dark
        D   Em7
With light somewhere in the distance

(D Em C) 2x

        Em
I've always been dark
        D   Em7
With light somewhere in the distance
