

Clairo - Softly

tom:

Bb (forma dos acordes no tom de G)

Capostrate na 3ª casa

Is it alright to feel this way so early?
 And in my blood, all the sweet nothings fallin' in love over time

Didn't wanna get so close
 And I know that I should probably go
 But I got this feeling
 Tell me, good God, I know

Touch you softly, I call you up late at night
 No doubt it isn't right, but you could be my one and only
 You get me in the mood, know what I'm tryna do
 Do you think that we can move closer, baby?
 I want you, yeah, yeah

All my life, been wanting this forever (Mmm)

And in my mind, think of ways to ask you
 "Why don't you come over sometime?"

Didn't wanna get so close
 And I know that I should probably go
 But I got this feeling
 Tell me, good God, I know

Touch you softly, I call you up late at night
 No doubt it isn't right, but you could be my one and only
 You get me in the mood, know what I'm tryna do (Oh)
 Do you think that we can move closer, baby?
 I want you, yeah, yeah

(Ooh)
 And I don't care what they say
 And I don't care what they say
 Care what they say to me, I'm doing it differently
 Baby, I'm doing it differently
