

# Clarice Falcão - Fred Astaire

tom: C

Could you hear it?  
 All the birds singing while we talked there  
 And my heart beating,  
 oh, Fred Astaire  
 In an eternal musical  
 Or was I crazy?  
 Did I imagine we were perfect?  
 Did I started alone  
 a first act  
 Of a romantic two men show?  
 Can you save me?  
 Do I deserve perhaps a maybe

To the will you ever call me baby?  
 Eternal question in my mind  
 I sure hope so  
 Don't feel compelled to anything, though  
 Just because I think watching you go  
 Is the saddest thing that I can find  
 I'll survive it  
 Being an extra in your story  
 I'm fine with it, so don't be sorry  
 I can be lady 22  
 If that's it, then  
 Just keep my part completely silent  
 Give me a tiny little line and  
 I will change it to I love you
