

Clarice Falcão - I'm Nobody

Tom: C

C
I'm nobody

And before you say it cannot be

You're gonna see

The impossibility to see... Me

C
Intangible

In away that you will never know

How far it goes

And how constantly it seems to grow

C
Useless and out of sight

Like winter coats in june

Like sunglasses at night

Like gravity in moon

C
I'm nobody

And before you say it cannot be

You're gonna see

The impossibility to see... Me

C
Intangible

In a way that you will never know

How far it goes

And how constantly it seems to grow

C
Like cellphones during flight

Like dreams during the day

Like words stuck in your mouth when there's

Nothing Left to say.
